PRODUCT NAME : Wireless PS2 Control
ler

PRICE : Rs 2,100.00
SKU : RM0977

DESCRIPTION

This Wireless PS2 Controller features all of the inputs found the standard Dual-shock 2 controller, i.e. ten analog (pressure-sensitive) buttons three digital button (L3, R3 and the analog mode button) and two analog sticks. As its buttons are pressure-sensitive, the controller is compatible with games which require a Dual-shock 2. The controller also features two vibration motors for haptic feedback, which are compatible with Dual-shock/Dual-shock 2 enabled games. As a power saving measure, the vibration may be turned on or off by the user by way of a button on the controller's face.

Features of Wireless PS2 Controller:

- Wireless controller for PS2 is designed for the gamer who demands only the best in wireless gaming technology.
- High-performance - 2.4GHz wireless analog controller.
- Full analog/digital action buttons and twin analog control sticks of PS2 controllers.
- High intensity vibration feedback.
- 2 built-in motors make the game more realistic.
- The receiver with activity light indicator is compatible with controller pad.
- Operate by 2 x AAA (LR03) batteries(Battery not included) - auto battery saving function.
- Up to 10m operational range.
- Turbo fire function.
