

**PRODUCT NAME** : 5 Amp Automotive Blade Fuse

**PRICE** : Rs 10.00

**SKU** : RM0079

## DESCRIPTION

SEE THE PRODUCT PAGE FOR MORE DETAILS. Copyrights by Robomart.com

The **fuses** to be considered are current sensitive devices which are designed as the intentional weak link in the electrical circuit. The function of a fuse is to provide discrete component or complete circuit protection by reliably melting under overcurrent conditions and thus safely interrupting the flow of current.

## Features of 5 Amp Automotive Blade Fuses:

- Voltage range: **12V to 80V**.
- Current capacity: **5Amp**.

## Applications of 5 Amp Automotive Blade Fuses:

- Short circuit protection.
- Overload Protection.
