DESCRIPTION

ODROID-C1 Case Black

For those who appreciate the beauty of the naked PCB board – but still wants to protect the ODROID-C1 from dust and the elements. The semi-transparent case has openings for all outputs including the GPIO port making it great fit projects that are connected to external hardware.

The cover of GPIO part can be easily removed by simple cutting of a few ribs.

Strong & Durable Poly Carbonate Plastic

Size : 90 x 59 x 28 mm

Weight : 32g

The drawings of the plastic case are supplied in AutoCAD format.
