

PRODUCT NAME : Arduino Workshop Kit using Robomart Arduino Uno with Atmega 8 for all workshop companies/college clubs/entrepreneurs (Standard Kit)

PRICE : Rs 1,899.00

SKU : RM2543

DESCRIPTION

This is a standard DIY kit for building a Microcontroller based project at home, suitable for designing project application for workshops, tutorial, student clubs and entrepreneurs aiming at designing new Prototype circuits. In fact the best in class for entry level circuit development design and deployment. A must have product for delivering workshops and trainings on basic electronics circuit design.

Features of Arduino Workshop Kit Using Robomart Arduino Uno With Atmega 8 For All Workshop Companies/College Clubs/Entrepreneurs.

- Easy to use.
- Requires basic programming skills and pin connection awareness.
- Includes everything for developing standard circuits.
- Best for delivering workshops and training on Microcontroller based circuit design.

Kit Contents of Arduino Workshop Kit Using Robomart Arduino Uno With Atmega 8 For All Workshop Companies/College Clubs/Entrepreneurs.

- Robomart Arduino Uno
- Male to Female single pin wire.
- 7-segment display Breakout Board.
- 4-bit LED display Breakout Board.
- Digital Piezo Buzzer Breakout Board.
- Variable Resistor Breakout Board.
- USB-A to USB-B type connector.
