

PRODUCT NAME : Silverlit 3 Channel
Control Space Nova The Ultimate
UFO

PRICE : Rs 2,599.00
SKU : RM2620

DESCRIPTION

The Space Nova is made of lightweight flexible foam, and incorporates a colourful flashing LED strobe light for added alien effect. Easy and fun for both beginners and enthusiasts to fly, simply steer the spaceship by moving the transmitter joy stick left or right, whilst operating the throttle to take off, hover and land.

The model incorporates a powerful lithium polymer battery and will fly for up to ten minutes, whilst recharging direct from the transmitter in less than half an hour. The amazing Space Nova is available in one classic style and operates on a single band only
