

PRODUCT NAME : Pimoroni Unicorn Hat
- 8x8 RGB LED Shield for Raspberry Pi A+/B+

PRICE : Rs 3,850.00
SKU : RM3295

DESCRIPTION

Snap the [Pimoroni Unicorn Hat](#) on top of a Raspberry Pi [model A+](#) or a [model B+](#) for a fun 8x8 RGB LED matrix powered directly from the Pi.

Unicorn HAT provides a wash of controllable color that is ideal for mood-lighting, 8x8 pixel art, persistence of vision effects, status indications, or just blasting colour into your surroundings.

- 64 RGB LEDs (WS2812B) each with 24-bit RGB color
- Python API (NeoPixel compatible!)
- EEPROM with Raspberry Pi HAT configuration details
- LED data driven via DMA over PWM Pin #18
