

PRODUCT NAME : 10K Potentiometer Bourns 3296

PRICE : Rs 10.00

SKU : RM0465

DESCRIPTION

The **potentiometer** is a full variable type resistor used to resist the rate of flow of current.

Features of 10K Potentiometer Bourns:

- Resistance: 10K.
- Ease to use.
- Ease of embedded.

Applications of 10K Potentiometer Bourns:

- Television.
- Radio.
- DIY projects.
- Arduino projects.
- Raspberry-Pi projects.
- Electrical/Electronic projects.
