

**PRODUCT NAME** : 100K Potentiometer Bourns 3296

**PRICE** : Rs 10.00

**SKU** : RM0466

## DESCRIPTION

The **potentiometer** is a full variable type resistor used to resist the rate of flow of current.

### Features of 100K Potentiometer Bourns:

- Resistance: 100K.
- Ease to use.
- Ease of embedded.

### Applications of 100K Potentiometer Bourns:

- Television.
- Radio.
- DIY projects.
- Arduino projects.
- Raspberry-Pi projects.
- Electrical/Electronic projects.
