

PRODUCT NAME : F450 Quadcopter Frame with Integrated PCB

PRICE : Rs 1,499.00

SKU : RM0657

DESCRIPTION

The F450 is a well thought out 450mm quad frame built from quality materials. The main frame is glass fiber while the arms are constructed from ultra durable polyamide nylon. The F450 features integrated PCB connections for direct soldering of your ESCs. This eliminates the need for a power distribution board or messy multi-connectors keeping your electronics layout very tidy.

Specifications of F450 Quadcopter Frame with Integrated PCB:

- Width: 450mm.
- Height: 55mm.
- Weight: 270g (w/out electronics).
- Motor Mount Bolt Holes: 16/19mm.
